Alexandria Gazette.

VOLUME CVII.--NO. 203. ALEXANDRIA, VA., THURSDAY EVENING, AUGUST 23, 1906. PRICE 2 CENTS.

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because *it* attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

PRESIDENT ROOSEVELT EXCORIATED.

Secretary Charles A. Edwards, of the democratic Congressional committee, in a statement made in Washington last night, said:

"President Roosevelt is attempting to dominate this Congressional fight. His letter to Congressman James E. Watson, of Indiana, has proved my assertion. He tells the country, through this letter to Mr. Watson, what the republicans must do in this campaign to win the House. Mr. President Roosevelt is a very foxy politician. He knows that his Congressional campaign managers are not equal to the situation, and because of his personal popularity with the people of this country, who do not know his motives and do not understand him, who, believing that he is fighting in their interests, will indorse him, he assumes the management of the campaign with the glad acclaim of the managers of the republican congressional committee.

"Mr. President Roosevelt practically tells the democratic party to get off the earth and dissolve itself. He practically tells all the people that he is "it," and that, therefore, they must listen to him and his bugle.

"The chief thing in the letter to Mr. Watson from the President of the United States is that the tariff question must be relegated to the rear and await republican revision in their own time and opportunity, thus continuing to subserve the interests of the tariff-fed monopolies that grow fat on the people's pocketbook.

"The thing for which President Roosevelt is pluming himself most in this letter consists of octopus-chasing and trust-busting. He says that it is not necessary to revise the tariff in order to bust trusts. I say it is. So does every other man who knows the situation. There are two brands of trust-busting—the chasing of octopuses and the busting of trusts that are odious, and the chasing of octopuses and busting of trusts that are popular. As yet President Roosevelt has only undertaken the first of these; he has not yet assailed a popular monopoly. He has been chastising execrable trusts and disciplining the loathsome octopuses. That is easy. Any man can kick a mean dog and get the applause of the populace.

"Now, for example, the railroads. Whoever heard of a friend of the railroads in politics? Then there is the Standard Oil, without one single friend on the political Rialto from the Rio Grande to Puget sound. As for the meat trust, everybody is cussing it and trying to invent something to say about it that is meaner than the limitation of the English language will allow to be formed into speech. The tobacco trust, without a friend; adulterated food, bad whisky, without a friend; the insurance knaves, absolutely friendless, though the New York Supreme Court has decided that it is not illegal for them to take of their customers' trust funds to buy votes if the votes are in the interest of a virtuous party, for it is given to the party of 'great moral ideas' to work iniquity that the right may triumph and the uncircumcised be discomfited, and thiogs like that.

"Now, there is an octupus in this land of ours—the head devil of the whole layout—the tariff octopus. This is a very popular octopus. It can muster an immense majority in either wing of the Fifty-ninth Congress. It is the octopus Colonel Bryan is anxious to smite hip and and thigh, and it was 'narrated around' Colonel Roosevelt had a rod in pickle for it that was to be burst under the monster's belly in the closing hours of the late momentous session; but, like General Beauregard at Shiloh, the President appears to have argued that it was glory enough for one session, for the whole country was applauding his exploits in behalf of democratic policies. Not one thing has he recommended and not one thing was done by his republican Fifty-ninth Congress, first session, that did not emanate from democratic brains or was stolen from democratic platforms. All the things that favored the people's interests were passed by democratic votes, and his own party despised him and his recommendations, but were whipped into line by his power of patronage.

"Mr. President brags about the first session of the Fifty-ninth Congress passing a generous naval bill, carrying on the idea that there must be a big navy in order to maintain the Monroe docrine and other things. It did. It passed a bill carrying an appropriation for millions of dollars in the interest of the steel and armor plate trust. A few days ago an independent anti-trust armor-plate company made bids for those steel vessels, and Mr. Roosevelt's Secretary of the Navy refused to give the contract to the lowest bidder (the anti-trust bidder), and compelled them to divide with the trust. * * *

"The people of the country, democrats and republicans alike, seem to have got it stuck into their crops that Mr. Roosevelt is infallible and can do no wrong; that he is working honestly and consistently in their interests, when the real truth is that he is a fakir and a four-flusher, and the deepest scheming politician in all the country. He never hesitates to deny any assertion made at any time when he thinks it suits him and the republican party's interests. There never yet was a public man who went up against him that he did not call a liar when he got in controversy with the public man, and every newspaper correspondent in Washington who has gone up against this man in the White House knows that he has to carry a witness with him if he expects to get away with the story he gets from him, and then not get fired by his managing editor when this man calls him a liar the next day. That's the sort of man he is, and the people out in the country ought to get onto him. This political fakir could make more money selling soap at the tail gate of a wagon than any fakir I ever heard of or saw in my life."

You need a pill? Use DeWitt's Little Early Risers, the famous little pills. Do not sicken or gripe, but results are sure. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, AUG. 23, 1906.

JUSTICE MCAVOY in the New York Children's Court one day last week had before him a thirteen-year-old boy, who had been turned out of home by his father, to shift for himself, and who had in consequence been arrested for vagrancy, and against whom his father had the effrontery to appear as a complainant, asking that he be sent away to some institution, as he could not support him. The justice did send the boy to a protectory, but he told the father that if he did not pay 50 cents a week toward his support he would send him—the father—to jail. He added that he proposed to do all he could to stop the inhuman practice of bringing children into the world and then turning them over to the community to be taken care of, and that in his opinion no man had a right to get married and become the father of children unless he was willing to do his utmost to support them. That opinion is quite sound, and its expression and enforcement seem to be needed in all cities. Race snicide is doubtless a deplorable thing and progagation of waifs and paupers is a no less deplorable thing, and it is a thing that is real and actual, as can be seen in all communities. If poor people want to raise large families it is their right to do so, equally with the rich, provided they take decent care of them. But if they do not take decent care of them, or if they throw them upon the community as a burden for it to bear, they would seem to be going beyond their right, or at least the community would seem to be justified in taking some action toward them. A blind man in Brooklyn was for many years a professional beggar on a certain street corner, and in the meanwhile became the father of four or five children, for whose support he importuned the public for alms. It is shocking enough to have children thrown upon the state for support. But for the state to accept such a burden and at the same time let the responsible parents go free would be simply to encourage that sort of inhumanity and that imposition upon thrifty and decent citizens.

THE EXCORIATION of President Roosevelt by Mr. Charles A. Edwards, of the democratic congressional committee, will be found on the first page of today's Gazette. Mr. Edward's letter is intended as an answer to that of the President to Mr. Watson in which the executive threshes over all the claims republican speakers have been making for years. Mr. Watson shows their flimsy nature, and his expose of them is practically unanswerable. He says Mr. Roosevelt is the country's greatest fakir and asserts that the tariff is the real trust. Mr. Edwards repeats what has often been said when he says that the democrats originated the reforms carried out by Mr. Roosevelt. For many long years the cry of the republicans has been: "Do not touch the sacred tariff and thereby shake the foundations of national prosperity." Whether the republicans seriously regard the tariff as the source of the nation's prosperity or not, it is plain enough that they are convinced of its validity as a party issue, and in this belief they boldly enter the campaign against any revision of the system. No one denies that the nation is enjoying an unexampled degree of material prosperity. Nor is it disputed that this epoch is cotemporaneous with the latest edition of the tariff policy. But, unfortunately for the argument based upon this mere coincidence in time, the other nations of the world, save such as have been recently involved in exhaustive wars, are enjoying a commercial and industrial prosperity as great as our own. What, forsooth, do Great Britain, Italy, Australasia, Canada, Belgium, Holland, Switzerland, and Argentina owe to Dingleyism? The republicans might as well pretend that a tract of Illinois land can be made productive by putting a wire fence around it as that the prosperity of this country has its cause in the Dingley tariff wall.

IT IS to be regretted by many citizens that there is a disposition on the part of some persons to use the bellows on the expiring coals of a disagreeble incident in the city's history. The flame was flickering and would soon have expired, leaving a faint but brief smell. It would have proven a nine-days' wonder only. It is to be lamented therefore that it is again being fanned. Mayor Paff, well-meaning official as he is, has decided, for reasons best known to himself, to summon Chief Pettey before him next Monday night for the purpose of further ventilating a subject which so many had earnestly hoped would soon be buried out of sight. The real object of such a procedure is hard to discern, as the Chief, guilty of a thoughtless act as he is, has in no way violated his oath of office. If the inquiry is to result in a condemnation of his procedure, it will prove to be a work of supererogation, as the community has already set its seal of disapproval upon it, and there is not the slightest likelihood that there will be a repetition of the offense. The present executive of the city devotes his entire attention to the duties of his position, and whatever he does is on lines which he believes to be for the city's interests. He has followed the dictates of his judgment on this occasion, and what is said here is intended in a kindly spirit of remonstrance only. He means well, but his action is calculated to keep before the public a matter which most of the community would prefer to see consigned to oblivion.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Aug. 23

Gen. James F. Smith, the new governor general of the Philippines, who was stranded in Honolulu with his family through the grounding of the steamer Manchuria, has cabled the War Department that he will go on to Manila on the army transport Logan today provided he can get his trunks and baggage off the Manchuria. The Logan is due to leave Honolulu at four o'clock this afternoon. In the trunks which are on the stranded steamer are the inauguration clothes—coronation robes, they would be called in some countries—of both the general and his wife. If they cannot be taken off in time the general will refuse to go on and the inauguration ceremonies which were scheduled to take place on the 20th of September will have to be postponed.

The first contribution from the United States to the relief of the sufferers from the recent earthquake in Chili was sent by the citizens of San Francisco who recently passed through a similar terrible experience. This information came to the State Department this morning in the shape of a cablegram from U. S. Minister Hicks at Santiago who says: "I yesterday delivered to the President $10,000, a gift from the people of San Francisco." This generous contribution was sent direct without going through the Red Cross channels, the San Franciscans probably knowing by bitter experience the value of early and prompt relief. At the Red Cross headquarters here no reports have yet been received from the State headquarters as to the responses made to the recent appeal for subscriptions to the Valparaiso fund.

The Cuban government has not yet called upon the United States to prevent filibustering expeditions. The absence of such a request is taken by officials here to mean that the little republic feels itself perfectly competent to fully cope with the present insurrection. Should such a request be received one or more revenue cutters will be at once detailed for scout duty in Cuban waters.

The dry dock Dewey which surprised the world by making a successful trip half around the globe has opened up business at its new stand. Word was received at the Navy Department this morning to the effect that the army transport Meade had been successfully docked in the Dewey at Olongapo. The Meade merely needed cleaning but she is the first vessel to test the capacity of the big dry dock which it seems is in good working order.

The Governor of Illionis has requested the State Department for extradition papers for the missing banker Stensland, president of the defunct Milwaukee Avenue Bank of Chicago, who is believed to be in Mexico. He has not yet been arrested.

The State Department has been informed by a dispatch from Russia that the strikers at Reval have concluded and that the factories there have resumed work.

Maj. Gen. A. W. Greely, commanding the Pacific division of the army, is the second high officer to file a protest in an annual report against departmental methods. He urges the abolition of divisions and the establishment of brigade posts. He cites the experiences connected with the extraordinary duties incident to the San Francisco earthquake to support his contentions. There department commander Funston had the situation in full charge before Greely, his superior, knew of it. The division and department commands there both cover the same territory and one includes the other. "In regard to many duties the department commander takes his orders direct from the War Department," he says, "leaving the division commander in a measure, ignorant of military operations within his division." Ordinarily there would be no embarassment, he says, "but in an emergency especially where prompt action is necessary, the system causes unnecessary delays, and there results a lack of efficient action." Gen. Greely thinks it of the utmost importance that no department or bureau should be permitted to become so independent as to practically divorce itself from proper control by the officer who must command in time of emergency. He declares that the San Francisco relief operations were marked by come of that spirit of divided interests, which while no growing to the extent of embrassing the division commander yet failed in several instances to ensure the degree of perfect amity which should obtain."

Cotter T. Bride has received from Lewis Nixon, the complete list of the gentlemen appointed from the District as members of the Bryan reception committee and who will have seats on the stage of Madison Square Garden. They are as follows: Cotter T. Bride, William W. Bride, Robert N. Harper, ex-Senator James K. Jones, Leonidas F. Livingston, M. C.; J. Fred Kelley, J. W. Griggs, M. C.; U. S. McNary, Robert F. Broussard, M. C.; Horace L. B. Atkinson, William McK. Clayton, Willism F. Holtzman, J. G. Hillman, John Boyle, C. F. Sudwarth, W. J. Dwyer, John S. Miller, James L. Norris, Gen. William Birney, Dr. W. A. Croffutt, Samuel Gompers, Gen. Nelson A. Miles, William E. Ryan, Senator H. D. Money, Senator J. B. Frazier, Jesse B. Wilson, and E. J. Bowers, M. C.

Shortage in the wheat harvest in Mexico is reported to the Department of Commerce and Labor. So general and extensive is the shortage that it is predicted that it will be necessary for the Mexican government to remove the duty on American wheat so that the coreal can be imported in sufficient quantities to supply the Mexican mills. The duty was removed at the beginning of this year and was replaced in July. It is said that the Mexican crop will be able to supply the mills only until November. The corn crop of Mexico will also fall short of expectations this year, and a big importation of American corn is certain.

President Gompers, of the American Federation of Labor, today gave out the rest of the 122 letters from congressmen which have thus far been received in response to his queries as to their position on the various questions discussed in the bill of grievances presented to President Roosevelt and Congress last spring. It is noted that Mr. Gompers' editorial comments on individual letters are confined mostly to those from republican members.

Because he had illegally fenced in nearly all the public lands in Wheeler county, Oregon, C. Barnard has been convicted at Portland, and sentenced to two years in prison and to pay a fine of $2,000, according to telegraphic advices received today at the Interior Department. Two of his associates in the Butte Creek Land, Livestock and Lumber Co., Hendricks and Zachary, have also been found guilty, but have not yet been sentenced.

News of the Day.

The Tennessee democratic State committee has adopted a resolution endorsing Wm. J. Bryan for president.

A dispatch from Bilbao, Spain, says that the labor federation has decided to begin a general strike there today, which means that 60,000 persons will cease work.

The Earl of Leven and Melville, lord high commissioner of the General Assembly of the Church of Scotland and keeper of the privy seal of Scotland, died yesterday.

A story is in circulation in St. Petersburg that an attempt has been made to poison General Trepoff, commandant of the Imperial Palace, whose illness has just been announced. The general's cook and three other servants have been arrested, it is said.

Miss Mary E. Gallion was scalped at J. E. Preston & Co.'s tannery at Easton, Md., yesterday. Supposition is that while leaning over to talk to some of the women her hair came in contact with the belting, and if it had not been for the quickness of the engineer in stopping the engine death would have resulted.

The Dowager Empress of China plans to summon a conference of high officials, including several viceroys, to discuss the adoption of a constitution. The Chinese commissioners who recently visited the United States and Europe and who have returned from their tours recommend a gradual change to a constitutional government, taking 10 to 15 years to educate the people thereto.

Army officers are at their wits' end to furnish a solution of the question as to what is to be done with the negro troops of the United States. The Brownsville (Texas) episode has brought the matter to a crisis, and, although the troops which offended the citizens of Texas are to be transferred to Indian Territory, the authorities of the department by no means feel sure that this will end the difficulty.

The Cuban insurgents under Pino Guerra took the town of San Louis, nine miles southwest of Pinar del Rio, capturing 50 rural guards and menacing the capital of the province itself. Another report says that Guerra was defeated on the Feo river, with a large number of killed and wounded. Rebel bands are springing up in various other parts of the island. Practically all the inhabitants of Aguacate have declared themselves in insurrection. Among the latest accessions to the ranks of the rebels are Lins Perez, the last liberal Governor of Pina del Rio, and others not less prominent. Shots were exchanged yesterday with insurgents on the outskirts of Havana. Indictments were returned at Havana against 33 prominent men on charges of treason. Recruiting for the government forces goes on, but nearly all the additions to the ranks are boys, while the rebel forces are composed of veterans.

The Deadly Heat Wave.

Twelve deaths and more than 26 prostrations, many of which will result fatally was the total of the terrific heat in which Chicago is now smothering. More than 150 horses have fallen dead in the streets, and there is suffering everywhere. Although the highest temperatue yesterday was 91, there was so much humidity that the suffering was even greater than when the thermometer showed 93. Down on the street level theremometers showed a temperature of 96. A majority of the dead yesterday were young men, stricken down while at work. Of the seriously prostrated a majority are aged persons. The infant majority rate is jumping high, due to the heat.

A dispatch from Detroit says there was little relief yesterday from the intense heat which has prevailed over lower Michigan for the past several days. Robert MacKimmie dropped dead from heat in Washington Boulevard yesterday the second heat victim in 24 hours. Practically every iron working manufactory in the city is shut down and about 30,000 men are idle until the weather moderates.

The Georgia Election.

Diepatches from Atlanta, Ga., indicate that Hoke Smith has carried 95 of the 145 counties of the State; Estill, 2; Clark Howell, 4; Russell, 5; James M. Smith, 2. Thirty-seven counties to hear from. Capt. W. R. Joyner, in Atlanta, has carried the mayoralty vote by 225 majority. Hoke Smith carried Fulton county, the home of himself and Mr. Howell, by 1,975 majority over Mr. Howell. The primaries, which were held throughout the State to nominate complete State and county tickets, candidates for Supreme Court justices, United States senator to succeed Senator A. O. Bacon and to name congressional candidates in each of the 11 districts of the State, concluded one of the most strenuous political campaigns in the history of Georgia. For the office of governor, five candidates: Clark Howell, editor of the Atlanta Constitution; J. H. Estill, editor of the Savannah News; Hoke Smith, former secretary of the interior under President Cleveland; Judge R. B. Russell, a prominent attorney of Jackson county, and James M. Smith of Oglethorpe county.

Ejected a Negro Bishop.

Irvine McGraw, a Tennessee farmer, brought Kentucky's "Jim-Crow" law into prominent notice Tuesday on an Illinois Central Pullman car. When McGraw entered the car he saw a colored preacher, Rev. Dr. C. H. Phillips, bishop of the colored Methodist Episcopal churches in Tennessee, North Carolina, Texas and a portion of Arizona and New Mexico, and his wife preparing to retire for the night. He demanded that the conductor order them from the car, but the conductor refused.

After he entered Kentucky he hunted for an officer at every station, and finally at Hopkinsville Policeman Bryant Baker agreed to undertake the task of ejecting the negroes from the car. The train was held nine minutes while they dressed and repaired to the colored compartment.

The bishop is a close friend of Booker T. Washington and is a graduate of Walton University, at Nashville.

His wife is a graduate of the Fiske University, at Nashville, and is president of the Women's Christian Temperance Union, of Tennessee, and vice president of the National Federation of Colored Women.

The Market.

Georgetown, Aug. 23.—Wheat 65a72,

Virginia News.

P. H. Ball, 53 years old, died yesterday in Fredericksburg after a lingering illness of Bright's disease.

Messages received in Winchester by relatives yesterday announced that Letcher Boehm, 45 years old, a well-known miller, was found dead in his bed yesterday morning at the home of Porter Unger, manager of the large flouring mill at Unger's Store, W. Va.,

Elijah Pierce, a white man, 45 years old, was shot and killed by an unknown negro late yesterday evening at Berryville. The shooting took place near the horse show grounds, and is reported to have been the result of a drinking and gambling bout. The negro escaped after the shooting and has not been caught.

Liberty Council, Junior Order United American Mechanics, of Manchester, one of the largest councils in the state, placed its affairs in the hands of trustees Tuesday night on account of alleged large shortage in its funds. The trustees will lay the facts before the commonwealth's attorney and ask him to act. The officers held responsible for the shortage deny all wrongdoing. There are nearly 800 members in the council.

Mr. J. J. Holzbach, of Company 3, of the Newport News Fire Department, who is attending the State Firemen's Association, in attempting yesterday to board the accommodation train of the Richmond, Fredericksburg and Potomac Railroad, which leaves the Elba station, Richmond, at about 5:30 o'clock p. m., slipped and fell beneath the rapidly moving cars. His left foot was caught beneath the wheels, and in a second was ground to pulp.

The republican Congressional committee of the Luray district has just decided to hold a convention on Saturday, September 15, when a candidate will be named for Congress. No one has announced his candidacy. Congressman James Hay is the democratic candidate. The district is composed of 10 counties, four on the east side of the Blue Ridge and six on the west side and was formerly known as the "Tenth Legion of democracy." Some of those who have represented the district have been John T. Harris and ex-Governor O'Ferrall.

The republican State executive committee met at Lynchburg Tuesday night and was in session until 1 o'clock yesterday morning. Robert H. Angell, of Roanoke, the member for the Sixth district, sent in his resignation in a letter to Chairman Slemp, and the vacancy will be filled by the republican district committee. A resolution was passed declaring it to be the sense of the committee that candidates for Congress should be nominated and vigorously supported in every district. Congressman Slemp did not attend the meeting, but his son C. Bascomb Slemp, state chairman, presided.

The International American Conference

The International American Conference at Rio de Janeiro yesterday adopted, with a slight technical modification, the Mexican convention relative to the exercise of the liberal professions.

The resolution recommending the submission of the Drago doctrine on the matter of the use of force for the collection of public debts to The Hague Tribunal was adopted unanimously. The preamble states that no definite conclusion was proposed by this conference, composed exclusively of representatives of American countries, but that the principles in question should be passed upon by an assembly composed of representatives of all nations, as the principle affects the internal sovereignty and rights of nations. It further expresses the opinion that the declaration should be extended to cover all controversies having pecuniary origin.

The resolution recommends "that the government represented in this conference consider the point of inviting the second conference of The Hague tribunal to consider the question of the compulsory collection of public debts, and in general means tending to diminish between nations conflicts having exclusively pecuniary origin."

In the committee on location of the next conference, Chili, demanding that precedents be followed, has made strong opposition to Argentina's plea for the selection of Buenos Ayres. Chili is now compromising, owing to the bond of sympathy created by the calamity which befell that country last week, and Buenos Ayres' prompt tender of aid to the stricken city of Valparaiso. The report of the committee will adhere to the proposition for the choice of Mexico City for the next conference, but it will be accompanied by a recommendation in favor of Buenos Ayres for the conference of 1910, the centenary of several of the South American republics.

Stopped by United States Authorities.

Operations of the Tagasco Chiapas Trading and Transportation Company and the Lu-Me Ha Mills Company, Mexican investment concerns, with offices in Chicago, were stopped yesterday by United States authorities. Henry B. Bushnell, president, and I. B. Miller, secretary and treasurer, were arrested and arraigned before United States Commissioner Foote, who held them in bonds of $2,000 each and continued the case until August 30.

It is declared by the Chicago authorities that the operations of Bushnell and Miller, which have covered a period of five years, have netted them $850,000 from investors. Together, the two companies were capitalized for $2,000,000.

According to the literature of the two companies, they operate large coffee plantations and own several lines of steamers. The postal authorities declare that such is not the case and that Miller and Bushnell have been paying dividends to investors from the money taken in for stock.

Soldiers Decide to Mutiny.

Advices received by the steamer Empress of China, which arrived at Victoria, B. C., Tuesday from the Orient, say that the news of the dissolution of the Douma had created great excitement in Vladivostok and Siberia.

The officials are, it is said, doing everything possible to prevent the dissolution becoming known, but the Russian revolutionary papers published at Nagasaki, Japan, printed a special edition and circulated numbers of papers throughout Siberia giving the news.

As a result a meeting of soldiers of the far East army corps was held and it was decided to mutiny. A meeting of Russian Governors and generals was arranged for August 8, two days before the steamer left Yokohama, to arrange for the mobilization of the loyal troops owing to the situation.

Today's Telegraphic News

The Coming Naval Review.

Washington, D. C., Aug. 23.—The great naval review off Oyster Bay on Labor Day will not cost the United States a million dollars, as has been reported. It will cost only $609 over and above the expenses of maintaining the fleet of forty-five vessels for one day, which would have to be borne whether or not there were any review. The only extra expense attached to this big display will be for the saluting. The navy does not use its heavy guns in saluting, but the small six pounders. It also uses old fashioned black powder that has been condemned for all other purposes. The cost of these discharges, as estimated by the Bureau of Ordnance, is fifty cents per shot, including wear and tear on the gun and ship. There will be twenty-six saluting vessels in the fleet. As soon as the Mayflower appears upon the scene and unfurls the President's flag all of those ships will unite in a salute of 21 guns. That means a total of 546 shots. Then as the President's ship passes along the lines each ship will salute again with 21 guns. It has been decided that the luncheon on board the Mayflower to be given by the President to the senior officers participating in the demonstration will be at 1:30 instead of one o'clock in the afternoon in order to afford the President more time in which to complete his review of the assembled fleet. The Mayflower is scheduled to leave Oyster Bay at 10:45 a. m., which will enable her to reach the head of the reviewing lines at 11 o'clock sharp.

Conditions in Chili.

Valparlso, Chili, Aug. 23.—Assurance is given to the people of the city who lost everything in the earthquake of August 16, that their needs will be supplied and sufficient resources are at hand in a proclamation issued today by the Governor of Valparaiso State. This statement has had beneficial effect upon the citizens.

Warning is also served on those inclined to be lawless that the city is well protected against disorder and any attempt at a disturbance against persons or property will be punished severely. Food and medicine are promised. The proclamation closes with an appeal to the energy, self-denial, and patriotism of the inhabitants for co-operation for public order and safety.

Thousands of refugees are leaving the city by steamers and across the mountains to Santiago. This emigration is being encouraged by the authorities in order to reduce the number of persons to be cared for here.

The dead are now being buried in great numbers, and as soon as this work has been completed attempts will be made to clear up the debris from the ruined buildings. It will be months, however, before this task can be completed.

Poisoned by Ice Cream.

Newburyport, Mass., Aug. 23.—Over a dozen cases of ptomaine poisoning, alleged to be due to eating ice cream, kept the physicians on the jump here yesterday. Today practically all of the patients are in bed in a greatly exhausted condition. Johnny Canehai the ice cream dealer, gave away a lot of cream for which he had no sale. It was said to be seven or eight days old, and Caneha is alleged to have told the children to whom he offered it, that they could have it at their own risk. The children took the cream home and shared it with their parents. About two hours later those who had eaten it became violently sick. Caneha was among those who sold cream at Salisbury Beach last week, when half a hundred were poisoned and he is now the defendant in several suits for damages.

Anarchy Spreading.

St. Petersburg, Aug. 23.—Reports received here show that anarchy is breaking out afresh in the whole of the Baltic provinces, causing the government officials considerable concern. A new peasants' organization, known as the "Forest Brothers," has been formed to seize land, and already it has a membership of 76,000. The organization has determined leaders and many of the rank and file are armed with rifles. The officials of the "Forest Brothers" are sending delegates to land owners warning them to leave the land and the forests alone for the use of the peasants; if not their homesteads will be destroyed by fire. The landlords, numbering many Germans, are already fleeing from the provinces.

Saved from Hanging.

Coatesville, Pa., Aug. 23.—Presence of mind on the part of a fellow-workman yesterday saved Foreman Frank Davis, of the Lukens Iron and Steel Company's mills, from being strangled to death by his own suspenders. Davis was leaning over to oil some machinery, when the back of his suspender was caught in a shaft and torn loose from the buttons. The loose ends were whirled around his neck and were being twisted tightly by the machinery, when a workman pulled the lever that cut off the power. Davis, nearly choked, was released. His head and neck are much swollen and congested.

Operation on Ex-Premier.

St. Petersburg, Aug. 23.—Count Witte, the former Premier, submitted to an operation on Tuesday at Frankfort-on-the-Main, which was performed by Professor Eppies. A telegram received from the ex-Premier declares that his health was the sole reason for his visit to Frankfort, all rumors of political aims to the contrary notwithstanding. He will be obliged to remain at Frankfort or in that vicinity for several weeks.

In this state it is not necessary, to serve a five days' notice for eviction of a cold. Use the original laxative cough syrup, Kennedy's Laxative Honey and Tar. No opiates. Sold by W. F. Creighton Co., 401 King street

A Novel Cure for Rheumatism.

Reversford, Pa., August 23.—J. H. Mosteller, a large bee raiser of this section is being besieged by numerous persons for the use of his bees for the cure of rheumatism. Mr. Mosteller says he will now begin to charge a fee for his bees' stings, the same as regular doctors do for their services. He says it will be more profitable than raising honey.

Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At E. S. Leadbeater & Sons' druggists, 50c and $1.00. Trial bottle free.

Negro Insurgent Leader Killed.

Havana, Aug. 23.—General Banderas, the negro insurgent leader, with two companions, was killed at 2:30 this morning in a fight with rural guards which took place between Mariano and Hoyo Colorado. The body of the general has been fully identified.

Government officials still maintain their ability to control the situation. It will require about a week for the government to organize its forces to send them against the insurgents. The officials declare that when active operations against the rebels are commenced the revolution will not last three days.

Friends of the revolutionists on the other hand laugh at the statement of the government authorities. They say that if the insurgents are given a week in which to prepare the government will never be able to subdue them.

More complete reports in regard to yesterday's fighting show that the insurgents did not win their victory without sustaining a loss of their own. In a conflict with rural guards under the command of Major Laurent near San Luisa band of Guerrer's insurgents was defeated.

An unconfirmed report says three of the insurgents were captured and thirty killed, while the band was routed. The defeated insurgents fled to San Luis. By that time Guerrer's entire force had taken possession of the city and Major Laurent dared not attack them.

The Sage & Co. Failure.

Asbury Park, N. J., Aug. 23.—Rockefeller & Wilkins, local agents in Asbury Park for M. J. Sage & Co., have settled with their customers in full on the basis of the closing quotations last night. Sage & Co. are indebted to the Asbury Park houses about $4,000. Rockefeller & Wilkins will resume in a few days with new correspondents. It was learned today at the local office of M. J. Sage & Co. that, so far as the books have been examined, the liabilities will be about $325,000, and the assets, $116,000, the latter consisting of cash in different banks. This morning the chief clerk of the company, for the protection of the creditors, attached $25,000 deposited in the First National Bank. The liabilities it was said will not exceed $500,000. There is very little likelihood of the firm resuming. The twenty-six telegraphers have been generously treated by the firm, having been paid this week's salary also their pay for next week.

The Gans-Nelson Fight.

Goldfield, Nevada, Aug. 23.—Joe Gans and Battling Nelson have already reached the required weight of 128 pounds, for their fight for the light weight championship on Labor Day. Fears that Gans would not be able to make the weight are now dispelled. By his regular course of training, Gans has reduced so that today he tipped the scales at slightly over the necessary weight. Much fear had been expressed that if Gans made the weight, he would weaken himself, but he shows no signs of weakness and today he is a stronger favorite for the fight than ever. Nelson, as was expected, made the weight without trouble. From now on the battler will let up in his heavy training. Thousands of dollars are being wagered on the result, and Larry Sullivan, the millionaire backer of Gans, announces that he has $50,000 to wager on the black fighter.

Peonage Charged.

Raleigh, N. C. Aug. 23.—The peonage charges against the South and Western Railway Construction Company in McDowell County, North Carolina, are multiplied by accusations made today by Charles R. Evans, and others, of Madison county, who tells of a party of thirteen white men who were induced to leave a Spartansburg, S. C., cotton mill and accept work with the railway construction company under false pretense and who, when they attempted to leave, were caught by guards and flogged until blood streamed down their backs. Their names are given. The cases against the company which are being prosecuted by United States Attorney Holton, and behind which is the Italian Embassy at Washington, for brutal treatment and enforced services on the part of hundreds of Italians, will be taken up next week, having been postponed when recently called.

The Soldier Color Line.

Oyster Bay, N. Y., Aug. 23.—The soldier color line squabble at Brownsville, Texas, where so much friction between towns people and colored regulars has occurred, recently, was put squarely up to President Roosevelt today, by Brigadier General Bell, the United States army Chief of Staff. "My object is to get word direct from the President on this matter," said General Bell, "in order that we may act in the matter according to his wishes. The negro company has been replaced at Brownsville by white troops, and has been sent to Reno, but there is still considerable feeling there and as the President's last message to the War Department was a bit ambiguous, I came to Oyster Bay to get his exact views." Upon leaving Sagamore Hill, General Bell refused to discuss the conference with the President.

Strike of Telephone Girls.

Chicago, Aug. 23.—The telephone system in the down town section was crippled this morning when 200 "hello girls" went on strike, defying a command that they pass through an alley for 100 feet to a rear entrance of the telephone building and ride to the operating room on an elevator located there, instead of using the main entrance. The young women employed the tactics of a union strike by throwing out "pickets" to prevent later arrivals from entering the building until the owners of the structure which is leased rescinded the order. It was claimed that the great number of girls jammed the entrances and the elevators, thus discommoding other tenants of the building. The girls, were very indignant at this treatment.

Suicide of a Physician.

Jamesburg, N. J., August 23.—Dr. John Homes, 65 years old, a retired physician of Cranbury, deliberately walked in front of the Philadelphia express, one mile west of here, Tuesday night, and was instantly killed. The engine tossed him 50 feet, breaking his neck. Financial reverses are given as the cause of his act, and he depended on the scant earnings of his wife for a livelihood.

MARRIED.

At the parsonage of Trinity M. E. Church Friday, August 17, 1906, by Rev. J. A. Jeffers, Miss LIZZIE M. NICHOLSON and Mr. ARTHUR E. WELSH, both of this city.

Mysterious Voyagers.

Rockland, Me., Aug. 23.—Early this morning under cover of darkness, the barkentine Kingdom and yacht Coronet, carrying as passengers, some sixty members of the Holy Ghost and Us Society, set sail for a destination unknown to any body save possibly the few who have the affairs of the sect at heart. So far as can be learned, Rev. F. W. Sandford, the self-styled Elijah, did not visit Rockland to say farewell to his brethren and this leads to the belief that the barkentine and the yacht may touch at some other port before sailing for Palestine. Under the yachting license lately taken out by the Kingdom Yacht Company, it was not necessary for the vessels to have clearence paper and the public is left in utter darkness as to their destination.

Firemen Overcome by Heat.

Chicago, Aug. 23.—Thirteen firemen were affected by the heat while fighting a fire in the David Bradley Manufacturing Company building today. Four were overcome and nine, besides suffering from the heat, were injured by flying fire brands. The heat from the fire and the intense humidity caused much suffering. A loss of $65,000 was sustained.

Promise of relief from the incessant heat failed to appear and this morning Chicago swelters and many of its citizens have been overcome.

Sick Woman Cured by Lightning.

Vineland, N. J., Aug. 23.—A remarkable cure by electricity was effected Tuesday night, when the home of Angelo Ardriola was struck by lightning. The bolt tore out the four corners of the building and broke 15 window lights, but none of the family was affected except Mrs. Andriola, who had been seriously ill. After the excitement had passed the sick woman found herself completely cured.

Killed at a Dance.

Cumberland, Md., Aug. 23.—Hartley O'Neal is dead at Six Mile Run, having been shot at a dance by James U. Busie. The men quarrelled over a married woman. Busie is only 18 and has been locked up in jail.

Peculiar Railroad Accident.

Syracuse, N. Y., Aug. 23.—A peculiar railroad accident occurred here today resulting in the death of George Carberry, 30 years old, while asleep in his bed. A shifting engine on a west shore siding went over a tie crosswise of the tracks, tore down a telegraph pole and flag shanty, and crashed into the Carberry house. The second story fell in on the first, pinning Carberry in his bed. Three of the family on the second floor escaped serious injury.

Official.

AN ORDINANCE to provide for the grading, paving and curbing of Fairfax street from the north crossing of King street to the north crossing of Cameron street, under certain conditions.

Section 1. Be it ordained by the City Council of Alexandria, Virginia, that the committee on streets is hereby authorized and directed to have Fairfax street from the north crossing of King street to the north crossing of Cameron street, with the exception as described in section 5, of this ordinance, graded and paved from curb to curb and to have said street, as above described, curbed in a good and substantial manner, under the supervision of the City Engineer, using for the paving vitrified brick on a six (6) inch concrete base, and for the curbing a six (6) inch granite curb, set in concrete.

And the said committee on streets shall advertise for ten (10) days in some newspaper published in the city of Alexandria, Virginia, and in any other newspapers and publications should they deem it necessary, for proposals for materials, and they shall do said grading, paving and curbing by day labor, or if in their opinion the best interests of the City Council will be subserved thereby, by contract under bond, after advertisement as hereinbefore provided for materials.

Section 2. Be it further ordained that the said committee on streets shall not begin said work or purchase any materials or let any contract pertaining to said work, until an amount equivalent to two dollars and ninety cents ($2.90) per front foot, for three-fourths (¾) of the linear feet of property on the said square has been voluntarily deposited with the City Treasurer for defraying a portion of the expense of said grading, paving and curbing.

Section 3. Be it ordained that where property owners on said square have already set curb without cost to the City Council of Alexandria, Virginia, which, in the judgment of the committee on streets and the City Engineer is acceptable for this work, that such property owners shall deposit, before the commencement of said grading and paving, an amount, equivalent to the sum of two dollars and forty cents ($2.40) per front foot for said grading and paving less a rebate of one-half (½) the value of the curb, as set.

Section 4. Be it further ordained that where property owners on said square have set curb without cost to the City Council of Alexandria, which curb, in the judgment of the committee on streets and the City Engineer is acceptable for this work, if reset in concrete, said property owners shall deposit, before the commencement of said grading and paving, an amount equivalent to the sum of two dollars and forty cents ($2.40) per front foot for said grading and paving and for the resetting of said curb, plus one-half (½) the cost of setting said curb in concrete, and they will be allowed a rebate of one-half (½) the value of the curb.

The estimates of value, rebate etc. are to be made by the committee on streets and the City Engineer, in each individual case.

Section 5. Be it further ordained that no curb shall be set or reset, and that no grading or paving shall be done within ten (10) feet of the curb line in front of any property for which the proportionate expense herein-before mentioned shall not be deposited with the City Treasurer, either before or during the grading and paving of the center portion of said street directly in front of said property.

Section 6. Be it further ordained that the portion of the said street in front of any property which may not be curbed, graded and paved in the manner aforesaid, by reason of section 5 of this ordinance, shall, upon there being voluntarily deposited with the City Treasurer, of an amount equivalent to the actual cost of labor and materials necessary to so curb, grade and pave in front of said property, be so curbed, graded and paved.

Said deposit mentioned in this and the preceding sections may be in cash or may be part cash and the balance in notes, as may be agreed upon by a majority of the finance committee of the City Council of Alexandria, the payment of said notes to be secured in a manner satisfactory to a majority of said committee.

Section 7. Be it further ordained that as said grading, paving and curbing is being done, the Auditor is authorized to draw warrants, from time to time, upon the Treasurer of this City, in an amount not to exceed fifty-one hundred dollars ($5,100) to pay for said grading, paving and curbing, and a sufficient amount of money for such purposes, not to exceed fifty-one hundred dollars ($5,100) is hereby appropriated.

Section 8. This ordinance shall be in force from its passage.

Passed the Common Council July 24, 1906.
HUBERT SNOWDEN, President.
Passed the Board of Aldermen Aug 15, 1906.
J. T. SWEENEY, President.
Approved August 20, 1906.
FRED. J. PAFF Mayor.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

The Virginia Firemen.

The twentieth annual convention of the Virginia State Firemen's Association held two sessions in Richmond yesterday and witnessed as well the splendid showing made at the annual inspection of the Richmond city department in the afternoon. All the business of the body, was disposed of and Newport News was chosen as the next place of meeting. Richmond is crowded with delegates and visitors from all over the State, and the affair, which will last until tomorrow night, promises to be a great success. One of the main features of the entire proceedings was today's grand street parade, led by a large number of mounted citizens, under command of Captain Morgan R. Mills, chief marshal. Among the aides were Maj. W. M. Smith and Mr. John H. Trimyer, of this city. The Alexandria companies were in the second division of the parade, headed by the Naval Gun Factory Band and made a splendid showing, being applauded along the entire line of march.

At a meeting of the State Firemen's Association last night the following officers were elected: President, W. H. Stowe, Newport News; senior vice president, J. V. Perley, Charlottesville; statistician, J. H. Dwyer, Harrisonburg; secretary, George Cummings, Portsmouth; treasurer, J. T. Williams, Charlottesville; chaplain, Rev. C. H. Smith, Richmond; chairman legislative committee, J. H. Redwood, Richmond. The Alexandria firemen will return to their homes tomorrow night reaching here shortly after 11 o'clock, and will be met at the depot by a large number of the "stay at home" members.

Petrified Body?

The cellar of the Carlyle House was the centre of attraction today from a report which spread over Alexandria to the effect that a petrified body of herculean proportions had been unearthed under this antiquated baronial structure. Many persons threaded their way through the building and into the cellar where they were shown what is said to be the remains of a human being over seven feet tall. This object of curiosity is in what is known as the wine cellar of the Carlyle House and between the west (or front) wall and another a few feet high to the west. The head is intact and it is said that the other parts of the body are also well preserved. Glass had been placed over the remains when found and the crumbling earth partly obscured all save the head. The features resemble those of some pictures of Trajan, although most people who inspected it were convinced that the remains are those of an Indian chief. This conclusion was reached from the fact that the aborigines generally acted on the principles which actuated the Israelites when they made Saul their king because he stood head and shoulders above other men. A certain percentage who viewed the supposed remains were sceptical, and suggested that they were placed where found comparatively recently.

Dr. Moore, the Coroner, was notified by Lieutenant Smith of the discovery of the supposed remains, and he will make an official investigation.

Birthday Party.

The residence of Mr. and Mrs. Theiner, of West End, was the scene last night of a most delightful gathering, the occasion being the 16th birthday of their daughter, Jeannette. During the evening a sumptuous and seasonable collation was served. The tables were tastefully spread on the lawn, and all the appointments were of an inviting nature. The southern zephyrs prevailing at the time, coursing through the bower, added a pleasant feature to the occasion. After all had been satisfied the guests repaired to the large double parlors where music and dancing were indulged in. The house was brilliantly lighted and decorated with palms and cut flowers, and the spacious lawn presented a handsome appearance lighted with Japanese lanters. After wishing the young lady many happy returns of the day, the guests departed, much pleased with their evening's enjoyment.

The New Electric Works.

Since the City Council disposed of the franchise for furnishing electricity to the city of Alexandria to E. R. Mandeville, of Philadelphia, some citizens have suggested that the authorities should exercise such surveillance in the construction of the new works and the stretching of wire as will assure perfect safety from the currents, in order that the dangers incident to electricity may be minimized. The current which the company propose to use in Alexandria, will, it is said, be of a less dangerous nature than those furnished by the power houses of electric roads, and will be more satisfactory, from the fact that it will not be subject to variation. The authorities will doubtless see that everything is done satisfactory and in accordance with the specifications.

Patents Awarded.

Messrs. Davis & Davis, Washington patent attorneys, report the grant this week to citizens of this State of the following patents: Jacob Brauchli, of Hampton, T and angle square; James M. King, of Danville, trolley-wheel; James A. Mebane, of South Boston, ceiling-block and electric cut-out for incandescent lamps; James A. Mebane, of South Boston, electric-lamp socket; Gurdon W. Merrell, of Roanoke, guard-rail brace-plate; Thomas B. Rowen, of Alexandria, mail-crane and danger-signal; Zachariah L. Trainham, of Richmond, window, and Edward H. Weaver, of Calverton, damper-operating device.

Says He was Robbed.

Claiming to have been robbed of $45 by a colored confidence man, James P. Grimsley, of Accotink, Fairfax county, last night asked the police of Washington to aid him in recovering nine five dollar bills, of which he said he had been relieved in the grounds of the Smithsonian Institution. As a result, Edward Beard, colored, was arrested and locked up on the charge of larceny from the person.

Complaint is made of the violation of the game laws by certain persons who are shooting birds out of season.

Personal.

Mr. John R. Hendley, of Washington, and Miss M. Rosalie Bacot, of this city, were married in Washington last night by Rev. H. Waddell Pratt.

Mr Robert Davies and wife are visiting friends and relatives in Orange.

Mr. Wm. Humphries and Mr. Chas. Humphries, wife and daughter, Miss Alice, are visiting friends in Richmond.

Miss Ansley, who has been spending the past few weeks at the Hot Springs and Greenbrier White Sulphur Springs, has returned to her home in Alexandria.

Mrs. Charles Schreiner, Mr. and Mrs. Brock, Mrs. Struder and Mrs. Evans left this morning for Colonial Beach.

Mr. Mark Norris, wife and daughters, Misses Mabel and Elena, are visiting relatives and friends in Richmond.

Miss Viola Henderson and sister, Miss Ada, who have been visiting their grandmother at Catletts, have returned home much pleased with their visit.

Miss Lulu Myers has returned home from her three weeks vacation which she has spent at Paeonian Springs and Millsboro, Va.

Capt. Wm. M. King and family, who have spent the summer at Bluemont, will return to their home in Alexandria next week.—[Leesburg Mirror.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Buggie Bell and Mamie Morrison, both colored, arrested by Chief Goods and Officer Roberts charged with being disorderly, were fined $2.50 each.

Ann Russell, arrested by Officer Bell charged with being drunk and disorderly, was fined $2.

Malinda Levell, arrested by Officer Lyles charged with assault and beating Gertrude Revell, was fined $5.

Florence Plesent and Mary Johnson, both colored, arrested by Officer Lyles charged with disorderly conduct, were fined $5 each.

Frederick Williams, arrested by Officer Ferguson charged with disorderly conduct, was fined $5.

Geo. Diggs, colored, arrested by Officer Jones charged with being disorderly and fighting, was dismissed.

Joe Carrell, colored, arrested by Officers Bell and Henderson charged with disorderly conduct, was dismissed.

Carrie Carroll, colored, arrested by Officer Roberts charged with being drunk in the street, was dismissed.

Shot by Deputy Sheriff.

John Holland, colored, forty-five years old, was taken to the Alexandria Hospital Tuesday evening in a critical condition as the result of a bullet wound said to have been inflicted by Deputy Sheriff O'Connor, of Fairfax county, while attempting to serve a warrant upon Holland Tuesday night near Bailey's Crossroads, a few miles west of Alexandria. Holland was operated on early yesterday morning by Dr. Samuel B. Moore, assisted by Dr. Llewellyn Powell. The ball, of the .38 caliber size, entered the man's back and penetrated the liver, which was terribly lacerated. Holland will probably die of his injuries. It was stated that Holland had been wanted by the county authorities for some time, and that he resisted the effort of the deputy sheriff to arrest him.

Woman Fell in the Street.

Among the passengers who arrived here last night about 11:30 was a colored woman named Carrie Carroll. She slept all the way to this city, and was assisted from the train at King and Alfred streets. She later fell and it having been reported to the station house that a woman was lying in the street, Officer Roberts repaired to the scene. The officer was unable to diagnose the case, it appearing that she had been stricken with apoplexy and was in extremis. Mr. Roberts called the Alexandria Hospital ambulance and the woman was taken to the station house. Doctor Warfield was summoned and he soon discovered that the patient was suffering from cocaine and liquor.

To Survey Potomac Shore.

The United States Coast and Geodetic Survey steamer Hydrographer will begin work in a few days at the mouth of the Potomac and will make an accurate description of the shore, with all prominent marks, the courses to be sailed in coming up and going down, the depth of water and all information of value. This information will be embodied in a new volume, which will shortly be issued by the Coast and Geodetic Survey. In addition to printed descriptions of the river, sketches of the shores on both sides will be made, and a panoramic view of the river will be included in the new publication.

Condition of the Potomac.

The heavy rains of the past few days have again greatly swollen the Potomac, and the river is now running bank full. At several places at and near Williamsport the river has overflowed, but it is believed the water has reached its highest point, and by morning will begin to recede. The river at this place is still in its normal condition.

Frightfully Burned.

Chas. W. Moore, a machinist, of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Bucklen's Arnica Salve with the usual result: "a quick and perfect cure." The Stray Elephants.

The hunt for Barlow's runaway elephants which had not been recaptured as reported, was continued yesterday by organized scouting parties in Alexandria county. One of the herd was retaken, the trail of the others being lost a thickly wooded section. "Tom" has been captured and fastened to two trees with ropes and chains in a ravine five miles west of Alexandria and seven miles from the park where the animals were exhibiting. At 10:30 o'clock Tuesday night, a telephone message stated that "Tom" had been caught on the Leesburg pike three miles west of Alexandria. This capture was effected about 8 o'clock and he was taken to the Hampton Stock Farm by Mr. Courtland Smith. There "Tom" was chained to a tree and left in charge of a keeper over night, while Barlow and Superintendent Sweetwood returned to Alexandria for chains and saddle parties. Early yesterday morning they left Alexandria with a posse, but learned on arrival at Hampton Farm that "Tom" had broken loose at 8:30 o'clock yesterday morning and disappeared.

Two hundred acres of Hampton Farm are thickly wooded, and it was there that "Tom," "Queenie" and "Jennie" were on a rampage. Scouting parties were sent through the woods in different directions, and caught sight of all three elephants several times during the morning. The beasts disappeared every time anyone approached within hearing distance in the thickets.

The trail was repeatedly found and lost and it was not until 3 o'clock yesterday afternoon that Tom was located by accident.

The two other missing elephants were last seen at 10 o'clock yesterday morning. At nightfall the scouting for them ceased and Barlow ordered the camp established in the hope that they would be attracted to the camp by Tom's trumpeting and scent during the night.

Luna Park.

A programme of unusual interest is being enacted at Luna Park this Week with the return of Phillippini's Spanish Band and the special engagement of Barlow's herd of trained elephants from Coney Island there are attractions which have proved popular. The Spanish band has been materially improved since it was last heard at Luna Park and it is listened to with considerable interest. The antics of Philippini himself proved quite as great an attraction as his music. Senorita Garcia, a Spanish contralto of excellent voice and wide range, entertains the audiences with several tuneful Spanish ballads. The exhibition of the old door of the famous Libby prison which is on view at the scenic orium at Luna Park is attracting attention. The door is in a comparatively good state of preservation, but shows many signs of some pretty hard knocks There are several new features along "The Trail."

Today has been known as "Maccabee day" at Luna Park. It was the occasion of the outing of Alexandria Tent, No. 2, Knights of the Maccabees, of Alexandria An elaborate programme was arranged for nearly the entire day. The morning was taken up with some special events on the athletic grounds near the south gate. These events were followed by a base ball game between members of the Alexandria and Washington tents There will be a number of brilliant features tonight.

Charge Against a Priest.

Abbe Cassan and his sacristan were arrested yesterday at Fougeres, France, charged with having caused the death of Mlle. Augustine Lange, who died at the priest's house last Saturday night. The priest, with the assistance of the girl's brother, carried the body to her father's house on Sunday. The authorities refused to grant a burial permit and an inquest was ordered.

The abbe said that his only motive in having the body secretly carried from his house to the girl's home was to spare her character. The police, however, searched his garden yesterday and found evidence tending to show that the priest and his sacristan knew the cause of the woman's death. The arrest of the abbe and the sacristan followed.

This loosened the tongues of the villagers. She was afflicted with religious mania which created some trouble with her father. As a result of this she was sent to a convent in Marseilles last October, She returned before Christmas and spent all of Christmas night in the church without the knowledge of her father, who then sent her back to the convent. The girl returned to Fougeres on the eve of the Feast of the Assumption—August 14. The superior of the convent notified the abbe that the girl was coming and he met her at the station and took her straight to his house, where she died.

Why does the sun burn? Why does a mosquito sting? Why do we feel unhappy in the Good Old Summer Time? Answer: we don't. We use DeWitt's Witch Hazel Salve, and these little ills don't bother us. Learn to look for the name on the box to get the genuine. Sold by W. F. Creighton & Co., 401 King street.

Labor Day Picnic, Burke's Station, September 3, 1906.

The Southern Railway has authorized on account of the above occasion a one fare rate for the round trip from stations, Washington to Manassas, inclusive, tickets to be sold September 3rd, returning same day. Train No. 214 will do local work between Manassas and Bluemont on September 3rd, and everything possible will be done to facilitate travel to and from Burke's on account of this occasion.

Terrible Fall.

New York, Aug 23.—Hurled through the air for twelve stories today, Joseph Markowitz, though seriously injured, will probably live to tell the story of his long drop. Markowitz while working on a building at Sixty-sixth and Lexington avenue, plunged from the thirteenth floor to the ground below. He was alive when picked up and hurried to the hospital.

New York Stock Market.

New York, Aug. 23.—The heaviest transactions thus far were in the Harriman stocks and steel common. One group of brokers sold fully 100,000 shares of Southern Pacific and Union Pacific. This selling, which was only a part of the large blocks supplied, was assumed by the room to be for strong inside interests. There is reason to believe that most of the selling orders came from the leading members of the prominent bears that were active in forcing sharp declines early in July and that the orders were given out in such a way as to conceal their real source. Strong, Sturgis & Co., were the heaviest buyers of steel common, taking 25,000 shares. Other stocks, including the Harriman issues, were taken persistently on scattered orders, but this scattered buying was large enough not only to absorb the heavy supply noted on the decline, but to take all the other orders on a later material advance. London bought 40,000 shares on balance today.

TELEGRAPHIC BREVITIES.

A dispatch from Newport, R. I., says that Mrs. Reginald Vanderbilt who had a surgical operation performed a few days ago, passed a comfortable night and her condition is reported this morning to be good.

A dispatch from Honolulu says that conditions have become better and it now seems likely that the Pacific Mail Steamship Manchuria may be pulled off the shoals today. The vessel is not pounding much now.

The suspension of Franklin & Billings, members of the Consolidated Stock Exchange of New York, was announced on the floor of the Exchange, today.

Several cases of prostration had been reported in Chicago this morning. Five deaths due to the heat occurred during the night.

One death and four prostrations were reported in St. Louis today.

Brokerage Concern Closes Business.

M. J. Sage & Co., brokers, of Jersey City and New York, at the close of business hours yesterday posted a notice at their Jersey City office, informing their correspondents that they had discontinued business. This is the concern which is said to have had Al Adams, the expolicy king and former convict, among its backers. It is one of the largest of a certain class of syndicate brokerage concerns which have been publicly attacked recently. The Sage system consisted of a string of at least 300 branch offices, stretching from Maine to New Orleans, and in some quarters last night the failure was declared to involve possibly $2,000,000. The firm had more than 25,000 accounts outstanding. It was learned last night that the managers of the firm had been appealing for several days to their principal financial backer for more money to tide over the crisis, but he decided not to make any further remittances.

Sewing Machines With a Reputation.

Are alone worthy of a place in the home. Nothing is capable of affording more assistance in the sewing room than a reliable sewing machine; nothing is so sure to result in annoyance and worry as a poor one.

Second floor—G st.

Tomorrow, Friday, Is REMNANT DAY.

Every woman knows what a convenient way of saving money our remnant sale is. A great many men also have found it out. Those on the hunt for cool, inexpensive summer clothes or something for the summer home will find much to interest them tomorrow. There will be a splendid collection of remnants—short ends, small and odd lots, broken sizes and assortments, &c—and prices are way down on the very things most needed from now on. About every department is represented.

Alexandria Gazette.
THURSDAY EVENING, AUG. 23, 1906.

Says He is Adam.

James F. Sharp, who says he is Adam, and a band of followers number about fifty, marched through the streets of Oklahoma City, Okla., Tuesday from their abandoned camp outside the city. They are on their way to the Pacific coast. Sharp led a parade of half nude persons through the streets in Oklahoma about a year ago, which resulted in one of the band being sent to the asylum. Sharp returned a few weeks ago and established a camp east of town where many of his followers went without clothing, under the belief that they were in the Garden of Eden. They were arrested time and time again and fined. Sharp says that it a case of persecution and decided to go to the coast. In the parade through the streets of Oklahoma City Tuesday were many little children who had marched. Covered wagons containing a dozen or more babies brought up the rear of the parade.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

Miss Bryan Going to Hollins.

It is authoritatively announced that the youngest daughter of Mr. William Jennings Bryan is to enter Hollins Institute this session, and that she will soon come to Virginia. The distinguished Nebraskan, who has always taken the deepest interest in the Old Dominion, wrote to the school authorities about his daughter while in Constantinople, and it is said that the matter has now been definitely settled. Miss Bryan, who is only 16 years old, is said to inherit her father's mental qualities. It was through the recommendation of Judge Grimsley, of Culpeper, an intimate friend of Mr. Bryan, that Mr. Bryan was induced to send his daughter to Virginia. Mr. Grimsley himself had a daughter educated at Hollins.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 Kingstreet.

Warrenton Horse Show.

WARRENTON, Va., August 29—30, 1906; tickets to be sold from Washington, D. C., Harrisonburg, Lynchburg, Front Royal, Bluemont and intermediate points, August 28, 29 and 30; final limit August 31, 1906.

For further information apply to nearest Southern Railway ticket agent.

FINANCIAL

Are not the only people who can enjoy the advantages of a checking account. A business man or woman may with a very small amount enter into financial connections with this corporation. It is one of the safest and best banking institutions in the State and would welcome your account, LET IT BE SMALL OR LARGE. Don't say you can't save, but make a trial—let your savings keep pace with your earnings and you'll achieve financial independence. Open an account with YOUR FIRST SPARE DOLLAR and watch the capital grow. We offer every inducement to small depositors and pay 3 PER CENT. INTEREST compounded in our Savings Department. This is the greatest savings institution in this city and our treatment of depositors is the most generous consistent with safe banking procedure. We solicit the accounts of banks, corporations, firms and individuals and give careful attention to all details.

Virginia Safe Deposit and Trust Corporation,
Capital Paid In, $280,000.
Authorized Capital, $1,000,000.

LEGAL NOTICES.

VIRGINIA.—In the Clerk's Office of the Corporation Court of Alexandria, on the 22nd day of August, 1906.

R. S. Matthews vs. H. N. Girard. } Debt and attachment.

Memo. The object of this suit is to recover from H. N. Girard the sum of $1,000 for debt due R. S. Matthews, and to attach and subject to the payment of the same the property of the defendant in the city of Alexandria and elsewhere in the State of Virginia.

It appearing by an affidavit filed in this cause that the defendant, H. N. Girard, is not a resident of this State: It is ordered, That said defendant appear here within fifteen days after due publication of this order, and do what is necessary to protect his interests in this suit, and that a copy of this order be forthwith inserted in the Alexandria Gazette, a newspaper published in the City of Alexandria, once a week for four successive weeks, and posted at the front door of the Court House of this city.

A copy—TESTE.
